STRUGGLE CONTINUES

Spain Unable to Put Down the Cuban Insurgents.

THE SACRIFICE OF MANY LIVES.

Large Accessions to the Insurgent Ranks and People Are Leaving the Plantations and Towns by Hundreds to Join Them. False Reports Made to Madrid—Latest From the Seat of War.

TAMPA, Fla., May 11.—The plant steamship Mascot brings the following from Santiago de Cuba under date of May 2:

The Spanish have shown their inability to put down the insurrection, and it is now plain that the struggle is to be long continued and attended with the sacrifice of many lives.

There have been large accessions to the insurgent ranks, and people are leaving the plantations and towns by hundreds to join them.

Antonio Maceo is supreme in the province of Santiago de Cuba. Maximo Gomez holds the same rank and position in Puerto Principe, which is expected to rise upon his arrival at the frontier. Jose Maceo is a general, Garcia, Perez, Goulet and Planes are colonels, and there are majors and lieutenants, as in the regular army. With each band are some mounted men and bandera. In the Manzanillo district there are said to be 300 horsemen.

The Spanish army has absolutely nothing in the shape of camp equipment, and there is no commissary department for field work. Troops are fed when they are at the barracks, but when they make long marches into the interior they go without food. The lack of cleanliness has caused yellow fever to appear before it was expected by the residents. There are 40 cases in the hospital here, although the authorities will not admit it.

The Spanish warships now in Cuban waters are:

Cruisers—Maria Christina, Infanta Isabella, Conde Venadito, Cristobal Colon, Jorge, Juan, Sanchez, Barcayregui, Reine Mercedes.

Torpedo boats—Alcedo, Cuba Espinador, Fradera, Contramaestre, Pescunbril, Telegrams, Maniti, Caridad and Sudio.

SUPPRESSING NEWS.

Papers Fined For Giving an Account of a Recent Battle.

KEY WEST, May 11.—The latest Cuban advices received in this city state that La Lucha and La Discusion, leading Spanish papers at Havana, have been fined \$50 each for publishing extras containing the news of the battle fought at Jaranuca, where the Spanish loss was great. A majority of the inhabitants of Puerto Principe are favorable to the revolutionists.

General Maceo is destroying property of the Gibara-Holguin Railway company, it refusing him \$100,000 that he demanded.

Marcos Garcia, mayor of Santa Spiritu, has been warned by Gomez that if he is not in favor of the revolution not to oppose it and threatening him with death. Marcos Garcia then left Cuba for the United States.

General Neervo has left for Venezuela. It is supposed that he has gone to organize an expedition. The arrival of Sanchez and Roliff is anxiously looked for. They are expected daily.

The Spanish inhabitants refused to be taxed to suppress the revolution.

The Spanish postoffice has been tampering with United States Consul Hyatt's mail. His copies of New York papers, delivered to him yesterday, had all the Cuban news cut out.

FALSE REPORTS.

Ex-Captain General Calleja Trying to Shield Himself.

HAVANA, May 11.—The statement made in Madrid a few days ago to Queen Regent Christina by ex-Captain General Calleja to the effect that Marshal De Campos would soon put an end to the rebellion in this island as there were only 1,500 rebels in the field was only true in parts, and was probably made with a view to throw discredit on Marshal De Campos, Calleja's successor in the captain generalship.

There are few people in this city who do not believe Marshal De Campos will succeed in quelling the insurrection, but to do so he will have to deal with more than 1,500 insurgents. It is known that while General Calleja was in charge here, there were 5,000 rebels fighting against the government and that he being afraid to accept the responsibility for not quelling the riot in its incipency, requested that this fact be not published or brought to the attention of the authorities at Madrid.

OFFICIAL STATEMENT.

The Campaign Against the Insurgents Will Be Actively Pushed.

MADRID, May 11.—The defeat of the Cuban insurgents under Matagas has been officially confirmed. The rebels set fire to the railroad bridge between Caminos and San Luis. Material for the Spanish troops has arrived in Cuba, and the campaign against the rebels will now be more actively pushed.

The report from Tampa of a repulse on Monday of a Spanish force at Guimaro by the rebels under Gomez is denied by the officials here, who say that no such engagement occurred.

Senor Castellanos, colonial minister, stated in the cortes yesterday that Captain General De Campos was authorized to introduce reforms in Cuba the moment he deemed the time opportune.

MORE MEN STOP WORK.

The Trouble Between Miners and Operators Approaching a Crisis.

BLUEFIELD, W. Va., May 11.—The situation in Pocahontas is unchanged though the miners held a large meeting in West Virginia just a mile from the Virginia mines late yesterday evening. It was entirely orderly. The union men are carefully watching the introduction of nonunion miners, and have men at all the eastern points of the Norfolk and Western, where the incoming men will be informed of the situation.

The output of coal was larger yesterday than at any time since the strike. Twenty-five more of the Virginia mines joined the union yesterday evening. They now have 500 out of 685 men at Pocahontas. The strikers have employed counsel to advise them as to their rights.

W. C. Bullitt, vice president of the Norfolk and Western railroad, has just arrived at Pocahontas. He says he thinks there is a decided improvement in the situation, and commended Governor O'Ferrell for the firm stand he had taken in calling out the troops.

Coal Operators' Combine Broken.

BRAZIL, Ind., May 11.—The first break in the ranks of the bituminous coal operators of Indiana, who have been holding out for a reduction in the mining scale, occurred yesterday, when Joseph Somers, the Staunton operator, drew out of the operators' association and threw his mine open, giving employment to 250 idle miners. He settled with his men at the old price, and says he has contracts on hand that will run his mine steadily for one year and justify him in paying the old price. Other operators have manifested a determination to cut loose from the association, and a general stampede would not be a surprise.

Impetus to the Miners' Strike.

PITTSBURG, May 11.—The agreement between the Pittsburgh miners and the Illinois operators has given a great impetus to the coal strike here. As a result, all the mines on the Wheeling division of the Baltimore and Ohio came out yesterday, except the Pittsburg and Chicago company's men at Snowden and Gastonville. The miners are preparing to march to the Snowden and Gastonville mines and attempt to bring out the men working there. Failing in this, the convention on Monday will order out all the miners in the Pittsburg district.

Crisis Approaching.

BELLAIRE, O., May 11.—A crisis in the coal strike may be reached here at any time. Hundreds of cars of West Virginia coal are being shipped over the Baltimore and Ohio for the lake trade, and the miners threaten to stop the trains.

EXPLOSION IN A MINE.

Four People Killed Outright and Two Others Badly Injured.

DENVER, May 11.—A special to The Times from Trinidad, Colo., says a terrible gas explosion occurred yesterday morning in the mines of the Colorado Fuel and Iron company at Sopris, which resulted in the instant death of four persons and the injury of two others.

The dead are: Sylvester Cox, leaves wife and child. John Labahn, unmarried. Albert Laemmle, leaves wife and three children.

The injured are: J. R. Reynolds, seriously burned, and Albert Lloyd, slightly burned and bruised.

The position of all the bodies when found showed that the men were at work when the explosion occurred. They were lying across the track near the car which they had been using, when evidently they met their fate wholly unwarned of any danger. They all were badly burned and blackened from the explosion.

It is thought that the fire originated in the accumulation of coal and ignited from a miner's lamp as none of the mines in this region has ever been troubled with gas and the ventilation of the mine is good.

BIBLE IN THE EAST.

A Circulation Far Exceeding the Society's Expectations.

NEW YORK, May 11.—The American Bible society held its annual meeting at the Bible house Thursday evening. The annual report of the managers showed that during the past year 1,581,128 Bibles and Testaments were issued, of which 735,231 were circulated in foreign lands. The total issues to date are 59,955,553. A report was received that 148,000 copies of the Gospels had been distributed lately to Japanese and Chinese.

The Emperor of Japan, it is said, now permits his soldiers and sailors to receive the Bible. The Bible is also in the palace of the Emperor of China. The emperor himself sent out for a Bible after the \$2,000 copy had been given to the empress dowager. In Corea the Bible is now circulated in the army and navy as a result of the war. This was never permitted before.

Good Grounds For a Divorce.

YOUNGSTOWN, O., May 11.—Mrs. W. H. Triplett was yesterday granted a divorce from her husband, a former well known detective in this locality. She testified that he took her to a shanty boat on an island in the Ohio river, where for nearly a year, he kept her a prisoner, and compelled her to subsist upon musk rats and crows fried in skunks grease. Finally a son of Triplett by his first wife, came to the island and she induced him to assist her to escape to the mainland. She has not seen him since.

CHICAGO FATAL FIRE

Blaze in a Cheap Hotel and Lodging House.

UNKNOWN MAN SUFFOCATED.

Ten Other People Badly Injured, Several of Whom May Die—Timely Arrival of the Fire Department Prevents a Horrible Holocaust—The Fire Caused by an Explosion in a Saloon.

CHICAGO, May 11.—A fire in which one man is known to have lost his life and 10 others were injured, four of them probably in a fatal manner, occurred in a rooming house at 10 Sherman street at 1:30 this morning. The building was a 3-story brick concern, standing directly across Sherman street from the north end of the board of trade building. The first floor was occupied as a saloon by H. H. Happel and the floors above were used as a cheap hotel and rooming house by August Michael.

The fire was started by an explosion in Happel's saloon, and inside of a minute the whole lower portion of the building was a mass of flames. The inmates never had the slightest chance to escape for the only door by which entrance was had to the hotel was in front and close to the saloon door. The flames blocked that means of escape.

Michael and his wife occupied the upper portion of the third floor and they were at the windows calling for help in a frantic manner when the firemen arrived. Unfortunately this was not a truck and thinking his chance of life would not be worth much in another minute if he remained in the building, Michael sprang from the third story to the pavement below. His left arm was broken and he sustained internal injuries.

A second after Michael hit the sidewalk, and before the firemen had lifted him up, another form from the third story had come down on the pavement with a crash. It was a man and he was alive, but unconscious when carried to the hospital. Mrs. Michael stuck to her window, and was carried down by the firemen, as was her little girl, who remained with her. She was badly cut about the limbs by broken glass, but was not badly hurt.

The fire was quickly extinguished, and the firemen plunged into the house in search of more victims. One dead man was found in the front room, and two others badly wounded and nearly suffocated. In another room was found another daughter of Michael, and in the other rooms and in the hallways five other men. One of them was said to be dying, when he was laid in the ambulance.

The name of the dead man who was suffocated by smoke is unknown.

Those injured are:

August Michael, both arms broken, internal injuries.

Mrs. Mary Michael, cut with glass burned on back.

Lena Michael, eight months, slightly burned.

Molly Michael, 21 months old, slightly burned.

Charles Hallet, badly burned about head and hand; will die.

Joseph Denier, burned about head, inhaled flames; will die.

Pierre Roeger.

Edward Baun.

Edward Guann.

Frank Pandell.

John Norner.

The five last named are badly burned. All of them were found unconscious in the building by the firemen and if their rescue had come five minutes later none of them would have been alive.

AMERICAN HORSE ARRESTED.

The Well Known Sioux Chief Charged With Bigamy.

WASHINGTON, May 11.—Special Agent Dickson, at Pine Ridge, S. D., has reported to the Indian office that American Horse, the well known Sioux chief, has been arrested on a charge of bigamy and released on bail pending trial. The agent recommends that steps be taken to stop the proceeding, which he regards as the first in a series of like arrests. All the older Indian chiefs have had several wives for 40 years and more, and no one has ever dreamed of interfering before. American Horse has applied for permission to sell some of his cattle to pay the attorney's and other fees required for his defense, and the agent says that the Indians may be practically stripped of their property by such prosecutions.

The impression prevails in the Indian office that the arrest of American Horse is a part of a general plan, of which the recent Turtle Mountain disturbances were a part, to trump up cases against Indians and secure fees for the United States marshals who make the arrests. American Horse has always been a friend of the whites, and exercised a strong restraining influence over his people at the time of the ghost dancing at Pine Ridge several years ago.

Direct From Havana.

HAVANA, May 11.—Captain General De Campos arrived yesterday at Santiago de Cuba after conferences with some of the influential men of Gibara, Mayari, Baracoa, Calmanero and Guan-tanamo. The business men of Santiago have agreed to form a battalion of volunteers.

At Guantanamo, yesterday, three negro bandits were executed on charges of robbery and of having committed several murders. Another negro charged with wounding his wife and daughter, was sentenced to imprisonment for seven years.

BUSINESS DEMORALIZED.

Great Industries Retarded by Strikes and Labor Troubles.

NEW YORK, May 11.—R. G. Dun & Company's weekly review of trade says: The event of the week is the demoralization of foreign exchange caused by enormous sales of bonds abroad. Besides a sale of \$10,000,000 Manhattan and other railroad bonds through the syndicate, large purchases on foreign account have been recorded for some weeks, so that the aggregate probably exceeds \$15,000,000 since the sale of governments.

Safety for the summer means much for all business, and the syndicate deems it is fully assured if it distributes 40 per cent of the money advanced by the associates which relieves a large amount to stimulate operations in securities and products.

Crop prospects abroad have greatly improved, and this is of still higher importance, as it will do much to determine the character and volume of all business after summer uncertainties are over. In addition business is reviving, though the gain in great industries is retarded by many strikes.

Sales of wheat for the week have been 84,000,000 bushels, against 95,000,000 bushels the previous week, and 81,000,000 bushels the week before and sales of cotton 542,000 bales, against 1,046,000 the previous week, and 1,192,000 the week before. But Thursday brought new activity. Wheat had fallen 2 1-2 cents, but rose 2 cents that day. Western receipts are 1,467,169 bushels against 1,261,764 last year, and Atlantic exports, flour included, 1,615,051 bushels, against 2,214,041 last year. In three weeks since the rise in wheat these exports have been 5,160,121 bushels, against 7,849,971 last year.

Pork has fallen 25 cents per barrel, lard 20 cents and hogs 30 cents per hundred pounds.

Cotton is lower, and receipts, in spite of a bad prediction of great decline, still exceed those of 1892.

The industries were distinctly gaining when strikes began, which have spread quite lately. Garment workers in several cities and Pocahontas coke workers are still out, with several thousand woolen workers near Providence. Other woolen mills and the furnaces in the Shenango and Mahoning valleys, which were making 25,000 tons per week, have stopped, and the Illinois steel works, the largest western concern, so that works are directly affected which produced 23 per cent of the entire output April 1. The Amalgamated association also proposes a struggle over the new wage scale.

The output of iron still exceeds the consumption, but has fallen 1,578 tons weekly in April to 156,554 May 1. Bessemer pig has been raised to \$10.90 at Pittsburgh and the general demand for finished products does not equal the recent output, but is distinctly increasing, bars and sheets selling more largely, though structural specifications are disappointingly slow. The most noteworthy gain is in orders for steel rails, 30,000 tons for the Pennsylvania and 50,000 for a western road.

Coke production still lessens, 6,732 tons for the week and 36,356, or 23 per cent in the past three weeks. Tin has been raised to 14.4 cents and copper to 10 1-8 by increasing demand.

Sales of wool for the week are less than in 1892, but larger than in the past two weeks, though prices don't rise. Rather more demand appears for men's woolsens, but cancellations are also more numerous, and imports of woolen goods, with withdrawals from warehouses, were about \$19,000,000 in the first quarter of the year, against about \$5,000,000 last year.

Cotton goods continue strong, mills being well employed, and they hold heavy stocks of raw cotton bought at low prices.

The failures this week have been 227 in the United States, against 266 last year, and 34 in Canada, against 42 last year.

SOUTHERN BAPTISTS RECEIVED.

For an Hour and Twenty Minutes They File Through the White House.

WASHINGTON, May 11.—For an hour and 20 minutes yesterday afternoon President Cleveland stood in the east room and shook hands with the delegates to the southern Baptist convention. There was an awful crush and the delegates were in a condition to sympathize with the president by the time they reached him. Many expressed themselves to this effect as they grasped the president's hand, while others gave him advice as they passed.

The president heard of the latest southern jokes, and many a good wish expressed in southern phrase. There were as many women as men in the crowd, and when they emerged into the long hall, they availed themselves of the free space to again extend their sleeves, which had suffered in the crush, and of the mirrors to see that their hats were on straight. The delegates were pleased with the reception.

Gentry Again in Court.

PHILADELPHIA, May 11.—James B. Gentry, the young actor charged with the murder of Margaret W. Drysdale, professionally known as Madge York, on the 17th of February last, was arraigned yesterday in the court of oyer and terminer to answer to the charge, and under the advice of his counsel he entered a plea of not guilty. Gentry was cool and collected. After entering his plea he was removed to prison to await the day of his trial.

After Four Years' Exile.

BELGRADE, May 11.—Ex-Queen Nathalie arrived here yesterday after having been in exile four years. She was met by her son, King Alexander, and a vast and enthusiastic crowd. Ex-King Milan remained at Nisch. He is quite well in health.

RACE TRACK RAIDED

Twenty-Nine Arrests Made at Hawthorne.

A COLD DAY FOR THE SPORTS.

The Prisoners Hushed Off to Chicago and Taken Before Superior Court Judge Ewing, Who Admits Them to Bail in the Sum of Three Hundred Dollars Each. Trial Next Tuesday.

HAWTHORNE, Ill., May 11.—It was a cold day for the sports at the race track yesterday. Chicago and Cook county have for some time been struggling with a hot wave, but the owners and patrons of the Hawthorne track found it cool enough for them yesterday afternoon when 150 big deputy sheriffs marched into the track and declared that Hawthorne was running a game prejudicial to good morals, the laws and the peace of the community.

Having declared themselves, the deputies proceeded to gather in Edward Corrigan, the master of Hawthorne, and John Brennock, his business partner, Joseph F. Ullman, the proprietor of the foreign book, and 26 smaller fry. The prisoners were hustled off to the city and brought before Judge Ewing of the superior court, who, after a short discussion with the attorneys for the prisoners and for the Civic Federation which planned the raid, admitted the prisoners to bail in the sum of \$300 each.

One of the prisoners, just as he left the courtroom, declared that he had been "pinched" just as he was about to cash a winning ticket and there was a craning of necks to see the man who had "beaten the game at Hawthorne," even though it profited him nothing but glory.

The officials of the Civic Federation have determined that there shall be no racing contrary to law in Cook county this year, and they declare that they will repeat the raids as often as the management care to open up. Heretofore the work of suppressing the racing has been the province of the federation's committee on morals, but since the election, no new committees have been appointed, and the former lapsed with the outgoing administration. The gambling evil at the race tracks became so offensive that President Baker of the federation resolved to begin warfare on them without waiting for the intervention of a committee on morals. He consulted with a number of the prominent members of the federation, and all of them approved and indorsed his plans and promised him their support.

It was decided to swear out the warrants before a judge of a court of record, as it was known that the Hawthorne people kept a justice of the peace at the race track and were prepared to give bail on the spot when arrests were made on warrants issued by another justice. Warrants were accordingly taken out before Judge Ewing yesterday morning, given to the sheriff at noon, and two hours later a small army of deputies was headed toward the track, carrying warrants returnable in Judge Ewing's court at 4 o'clock.

Rumors of the intended raid had got abroad, however, and when the army of the law approached the track there was great confusion and excitement at the track. The bookmakers were promptly given the alarm, and at once began to hustle their blackboards out of sight. When the deputies marched in not a blackboard was to be seen, and the bookmakers were standing around trying to look innocent, a large contract for any bookmaker to pick up.

There was no confusion at the foreign book, however. Joe Ullman controls it and he had been arrested in a raid last year. He had an idea that lightning never struck twice in the same place, and he was making bets on nice, good races on other tracks, and not on the wicked events at Hawthorne. Therefore, wrapped in his innocence, confident of his ability to locate the spot where the bolt would strike, he made no effort to hide his blackboard, or what would have served him better, his person, and he was badly fooled. The lightning hit him fair and square. A deputy, who had an idea that Hawthorne races were no more immoral than those on other tracks, promptly rounded Mr. Ullman up, much to that gentleman's disgust and wrath, for his book was \$2,000 behind on the day, and he wanted to make it up. Other men connected with the foreign book, seeing the miserable failure of Ullman's lightning rod, made a wild break for liberty, but the officers secured as many of them as they cared for.

The formal hearing of the prisoners will be next Tuesday morning at 10 o'clock. President Baker was prompted to vigorous action in the matter, it is said, by the federation people, by the audacity of the track managers in ignoring the law as entirely as if it did not exist. That betting at race tracks is a violation of the state law is not questioned. So well were the racing crowds satisfied that their enterprises were illegal that they caused to be introduced in the legislature the Humphrey racing bill, legalizing racing in the state under certain conditions.

This bill has not yet become a law, but the race track people did not wait for the general assembly to act on their bill. They made exclusive preparations for the all summer racing meeting, and the two associations arranged to divide the time, so that both would have equal chances at the public.

President Baker watched this performance till he thought it time to use the Civic Federation's influence to compel respect for the law, and then he acted.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, MAY 11, 1895.

But, probably thunder storms; decidedly cooler; south winds shifting to north; high winds on the lakes.

"When you deduct the school tax of 22 1/2 c. from the total of 42 1/2 c., leaving only 20 c. on the \$100 for general State purposes, it will be found that few States have a lower tax rate," says the Flemingsburg Times-Democrat. And yet some people imagine taxes are high in Kentucky.

THE MAYSVILLE BULLETIN has already begun to make a noise to keep up courage in the coming campaign. It says that Col. W. O. Bradley "imagines" he is going to be the next Governor of Kentucky. About a year ago the editor of the BULLETIN also said that Sam Pugh imagined he was going to be a Congressman from this district.—Fleming Gazette.

And about a year ago we doubt very much whether Sam Pugh had any hopes of "going to be a Congressman."

"The Democratic party was far more demoralized in 1874 than it is to-day," says the Louisville Post, "and yet in 1876, under the leadership of Tilden, it won a glorious victory on a platform favoring tariff reform and honest money. As the Democratic party can never die as long as the Republicans, it has in its grasp another triumph equal to that of 1876, provided it has the courage and manhood to appeal to the people with just such another platform and leader."

THE Paducah News, commenting on Gen. Buckner's recent statement of his views on the currency question, says:

"Occupying, as he does, a field peculiarly his own, Gen. Buckner will win many recruits from the ranks of those who, while they have no confidence in the equivocal McCreary, are not ready to endorse the radical utterances of Blackburn and Brown. The people of Kentucky know Gen. Buckner and they have confidence in him. It is plain to be seen that he is the coming man in the Senatorial race."

THE charge is made that officials of the penitentiary at Columbus have been dancing the can-can with colored female prisoners. Some of the matrons happened to be present when the orgies began and had to leave the room on account of the high kicking and other dancing hall obscenities. Such is the charge made. The "pen" at Columbus has been the scene of so many disgraceful scandals since McKinley became Governor of Ohio that one is hardly surprised at any reports nowadays.

The passage of the McKinley bill was celebrated by a cut in wages all along the line. The passage of the Wilson bill is followed by a restoration of those cut wages. Says the Boston Globe:

"Governor McKinley ought to be invited down to Fall River to see how wages go up under a reduced tariff. Facts are more eloquent than after-dinner oratory."

"Governor McKinley persists in shutting his eyes and ears every time wages go up under the new tariff law," remarks the Washington Post.

THE Call of Columbus says that the financial condition of Ohio should awake universal apprehension in the minds of all good citizens. The State treasury is not only dragging out a miserable attenuated existence, but deficiencies are growing continually, and there is impending an enormous increase in the tax rate. The State's revenue must be suddenly and enormously increased to save it from the humiliation and disgrace of repudiating its obligations. Not for fifty years has such a serious condition of financial affairs faced the people of Ohio.

And all this is in Ohio where McKinley and his fellow Republicans have been running things for several years. They have made a nice mess of things in the Buckeye State.

THE Sandusky Register, a Republican paper edited by a man who has stumped Ohio for his party several times and who has been frequently mentioned as its candidate for Governor and other prominent offices, says:

The Republican party will never again favor putting the cart before the horse on the tariff issue. We have reached a point in our career when the great majority of Republicans and business men generally, whether Republicans or Democrats, will oppose any sweeping changes in the tariff. The people desire a rest as far as possible from the tariff issue. They are in favor of a tariff for revenue first, and that tariff so adjusted as to protect American labor, not to give capital an undue advantage. High protection, and by high protection we mean that sort of a tariff which is for protection first and revenue as an incident, is played out in this country. We may as well face the music and the facts first as last.

POLICE JUDGES.

Qualifications and Terms of Office.
Decision of the Court of Appeals on the Subject.

In affirming the case of Boyd versus Land, taken up from Cynthiana, the Court of Appeals, in an opinion by Judge Paynter, says:

First—The General Assembly having the power under Section 160 of the Constitution to prescribe the qualifications of all officers of towns and cities and having provided by Section 3511 Kentucky Statutes that no person shall be eligible to the office of Judge of the Police Court of a city of the fourth class "unless he be at least twenty-four years of age and has resided within the limits of the city at least six months next preceding his election," a person who possesses these qualifications is eligible to the office of Police Judge in such a city, although he is not a qualified elector in the city.

Second—Section 3485 Kentucky Statutes insofar as it provides that the "election" of Councilmen and other elective officers of each city of the fourth class shall possess the qualifications of electors prescribed by Section 145 of the Constitution was not intended to regulate the eligibility of officers, but of electors, it being manifest that the word "election" should be read "electors."

Third—The provision of Section 167 of the Constitution that the terms of Police Judges "elected" in November, 1893, shall begin September 1, 1894, and continue until the November election 1897, applies as well to a Police Judge appointed by the Board of Council of a city as to one elected by the qualified voters of the city.

Fourth—Where a Police Judge was appointed by the Board of Council in April, 1893, and again in November, 1893, his term of office, by virtue of his first appointment did not expire until August 31, 1894, and his term of office by virtue of his second appointment did not begin until September 1, 1894; and having died August 3, 1894, there were two vacancies to be filled, one for the term expiring August 31, 1894, and the other for the term beginning September 1, 1894, and the Board of Council, as they have done, had the power to appoint appellant to fill the vacancy for the short term and appellee to fill the vacancy for the long term.

Fifth—Notwithstanding a declaration of the Board of Councilmen in electing appellant that his term was to expire at a certain time, his term would not then have expired if the Constitution had fixed a longer term.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

VANCEBURG Sun: "A family named Herr arrived here Monday morning and in straightened circumstances. They came from Maysville and were going on the farm of J. D. Sullivan, about four miles south of here. They were unable to get their household effects off of the whariboat and were soliciting aid from our citizens."

GREENUP Democrat: "Major A. Hocker" Williams of Maysville was here last week in the interest of the J. H. Rains & Son Tobacco Factory, selling the famous Rainrow twist and other brands. Mr. Williams made a favorable impression on our people, and his polite address, combined with his adaptability to his line of business, will no doubt win him success."

THE Flemingsburg Times-Democrat and Frankfort Argus announce that Rev. F. S. Pollitt, of Frankfort, will be married soon. Mrs. Daisy H. Carlock, formerly of Bloomington, Ill., is to be the bride. She is now a teacher in the school at Berea. Mr. Pollitt was formerly pastor of Old Stone Circuit, M. E. Church, South, and has many friends and relatives throughout this county.

THE services in the M. E. Church to-morrow will be as follows: Sunday school at 9:15 a. m. Preaching at 10:30 a. m. and 7:30 p. m. Class meeting at 2 p. m. Epworth League devotional meeting at 6:30 p. m. At night an appropriate sermon will be delivered in behalf of the young people, the occasion being the sixth anniversary of the Epworth League. A welcome will be given to all who may join with us in worship. D. P. Holt, Pastor.

YODER JEWELL, son of Judge Jewell of Lexington, dropped dead in a boat while fishing with his cousin C. A. Moore and a negro near Versailles. The boat capsized and the dead man and his companions were thrown into 50 feet of water. Moore had the dead man in his arms when the boat went over, and before he could reach the shore he was taken with a cramp and was compelled to release the body in order to save his own life. After dragging the river for seven hours Jewell's body was found in 40 feet of water.

A DELIGHTFUL ENTERTAINMENT.

The Pupils of St. Francis de Sales Academy Scored a Success at the Opera House Last Evening.

That the entertainment given at the opera house last night was a success, goes without saying.

The pupils of the Visitation Academy take the lead in the beauty of their entertainments. The one given last evening by the Delsarte class of St. Francis de Sales Academy was certainly one of the most beautiful ever given in Maysville.

An immense audience greeted the beautiful children and lovely young maidens and the unstinted and hearty applause given, was evidence enough of warm appreciation. From the beginning to the end of the choice programme, the vast audience manifested an unflagging interest, and each number was so beautiful, it seemed impossible that the next could be more so, and yet such was the case.

To begin with, the stage was in gala attire, with its rare palms banked here and there and soft lights glimmering over all—a fit place indeed in which airy "Fairies" might revel, and in truth they did.

The opening number on the programme was the "Nordica Waltzes," charmingly played by the Visitation Mandolin Club. This organization consists of about twenty young ladies, and has won an enviable local reputation. The efforts of these young musicians is proof of judicious training in musical culture, interpretation and execution. Later in the evening the audience was treated to another selection by the club, which was equally delightful as the first.

Little Miss Bramel's recitation was very acceptably given, and showed evidence of elocutionary ability.

The Delsarte class appeared first in a calisthenic drill, consisting of four numbers all of which were given with perfect ease and grace.

But more charming still were the Delsartean pantomimes and the Delsartean drill—"Japanese Fantastics," in which numbers, the young ladies were perfect dreams of beauty and grace—reflecting much credit on themselves and on their gifted teachers.

Miss Georgia Dobyns deserves special mention for the creditable manner in which she read the selection "The Famine."

The vocal selection by Mrs. Conard Phister was most effectively given, and won for her a hearty encore. Her clear, bird-like voice never showed to better advantage. Mrs. Phister's beautiful voice is too seldom heard.

Miss Mae Burgess as usual delighted the audience with a mandolin solo, most artistically rendered. Miss Mae received an enthusiastic encore, to which she gracefully responded.

Very wisely was "Fairy Voices" chosen for the finale, as it was an exquisite number and completely captivated the audience. The children showed excellent training and the fancy drills and dances were given with charming grace.

All present departed to dream of a night in "Fairyland." The entertainment was under the direction of Miss Murphy. To say she deserves credit, but very feebly expresses it. Her many admiring friends are showering compliments upon her.

CRITICALLY ILL.

Mrs. Dr. Reed Seized With Convulsions Last Evening—But Little Hope of Her Recovery.

The many friends of Mrs. Dr. Reed were shocked by the news this morning that she was critically ill, and that her physicians have little or no hopes of her recovery.

Mrs. Reed was seized with a convulsion Wednesday evening, but soon recovered from it, and on Thursday and yesterday was able to go about.

She was feeling so well early last evening that she talked of attending the reception given by Mr. and Mrs. J. F. Barbour. But about 6 o'clock she was again taken suddenly and dangerously ill. She rapidly grew worse and at 9 o'clock was seized with convulsions and has been unconscious ever since.

Dr. and Mrs. Reed's many friends throughout the city and county will regret to learn of her critical condition, and hope she will soon be restored to health.

At 10 o'clock this morning there was no improvement. Her condition was extremely critical.

Straw Hats.

Hechinger & Co. are showing the greatest line of straw hats ever seen in Maysville. These hats are manufactured by the Brigham, Hopkins Co. of Baltimore, conceded by all to be the finest manufacturers of straw hats in the world. H. & Co. can consider themselves very fortunate indeed in securing the agency for this line of hats.

Goods are things on sight, and sight is the most valuable possession on earth. To lose it is to lose everything. It's a serious handicap to have but defective vision, unless the evil is remedied by spectacles. Most defects of vision may be corrected wholly or in part by properly fitted glasses. The longer the use of spectacles is put off the greater and more serious the defect to be corrected. When the eyes are concerned delay is not to be thought of. We make examinations free and supply any glass required as well as everything in Optical Goods at the most reasonable prices in the State.

WITH NEW MEN.

Illinois Steel Company Will Start Their Mills Monday Morning.

CHICAGO, May 11.—The Illinois Steel company has thrown down the gauntlet to its striking employees by discharging every one of them and announcing that it will fill their places and start the mills full handed Monday. None of the strikers have been permitted to re-enter the grounds of the company for any purpose whatever. Each man's tools and pay were sent to his house and he was notified that he was discharged.

The only place the police now guard with assiduity is Reiman's hall, Eighty-fourth street and Buffalo avenue. This place is the chosen stamping grounds of the strikers, and all the fights which have occurred have originated there. Although no attempt to prevent meetings is made, the police are careful to prevent any sort of gathering in the streets. The strikers are rather more surly than before, and the unceasing watchfulness of the police is not improving their temper.

CLOUDBURST IN MISSISSIPPI.

Great Damage Done to Property but No Lives Lost.

HERMANVILLE, Miss., May 11.—The cloudburst at this place Thursday did great damage to property, but no lives were lost. The downpour of rain was terrific, rapidly falling and overflowing all streams in the neighborhood. The town and surrounding country were a sea of surging water. Fences, houses, etc., were swept from their foundations and through the main street of town rushed a raging river five feet in depth. It overflowed houses, sweeping over the ground floor and the stock, which could not be gotten up in time, had to swim to places of safety. Men had to give up the task of rescue as the water soon rose above their heads. The people sought safety in second stories, and so far as can be learned, no lives were lost. The wires are all down, heavy trees having fallen across them.

Only Took Two Rounds.

LONDON, May 11.—Jem Smith and Ted Pritchard fought last night at the Central hall, Holborn, for the heavy-weight championship of England and £200 a side and a purse. The decision was to be given to the best man in 20 rounds. In the first round Pritchard had the advantage, but in the second Smith got in a severe blow on Pritchard's body and soon knocked him out of the ring. Pritchard was unable to respond to the call of time and the fight was awarded to Smith.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

FIRE INSURANCE.—Duley & Baldwin.

Rev. J. W. McGarvey, of Lexington, will probably deliver a lecture in Maysville sometime in June.

The hospitable home of Mr. and Mrs. J. F. Barbour was the scene of a pleasant reception last evening from 8 to 11 o'clock, in honor of Mr. and Mrs. James Barbour, Jr.

At Paris a two-year-old son of Rose Veeney, colored, fell from the second story window of a house and escaped without any broken bones. The child barely missed falling on the head of a lady passer-by.

MARRIED, last night at the County Clerk's office, Dr. Eyer Walter, of Aberdeen, and Miss Sarah A. Argobast, of Elkhart, Ind., Rev. D. P. Holt officiating. Dr. Walter is engaged in the drug business at Aberdeen.

LADIES often have their pocket books stolen while on the street. They are very apt to leave them on the counter while shopping or lay them down in the cars when traveling, but the ideal safety chain prevents all these accidents. This little novelty can also be used either as a fan holder or watch chain. See it at Ballenger's.

The Kenton County grand jury is investigating the killing of John L. Sandford, the banker, by William Goebel, and has established the fact that the article that provoked the shooting was written by Goebel. The editor of the Ledger, the paper in which the article appeared, had to be sent to jail for contempt before he would testify. Two printers testified that the article was in Goebel's handwriting.

CHURCH OF THE DISCIPLES—Sunday school at 9:30 a. m.; preaching at 10:45 a. m. and 7:30 p. m.; Y. P. S. C. E. at 6:30 p. m. Morning subject, "The Most Serious Question of Our Times." Night subject, "All That Truth Asks is, 'Give Me a Hearing.'" Without enthusiasm the best cause on earth suffer; enthusiasm is conviction on fire. There is vastly too much churchism, and far too little christianity by those loudest in its praises. E. B. CAKE, Pastor.

Mrs. JOHN KEITH, of Beech Grove, Owen County, died suddenly during divine service at a church at that place a few days ago. A woman named Harrod has been conducting a meeting at Beech Grove, and Mrs. Keith was a constant attendant at the services. The day before her death Mrs. Keith announced to the congregation that she was sanctified. The following evening while the woman minister was reading the text for a sermon the audience was startled by an outcry from Mrs. Keith. She had fallen dead in her seat. Mrs. Harrod, the preacher, went to the dead woman, closed her eyes and had the corpse taken home and continued the services.
